Confort și protecție solară

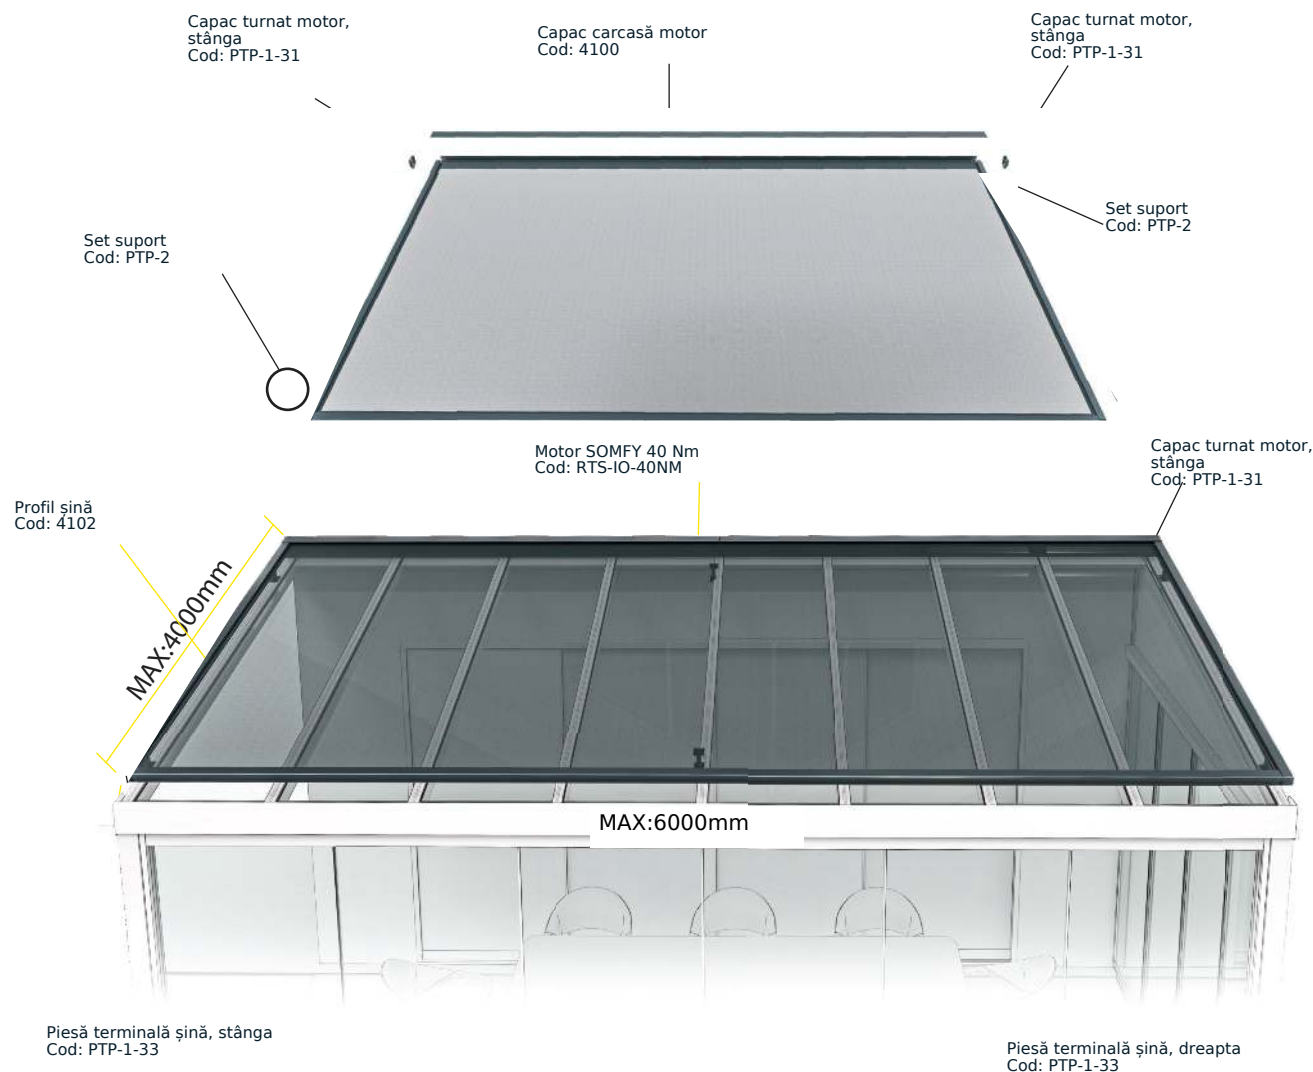

Sistemul LYRA oferă umbră pentru terase, grădini, cafenele și restaurante. Designul său estetic și rezistent se integrează în arhitectura modernă.

Ghidajele ZIP mențin materialul textil fixat lateral, contribuind la controlul luminii solare, al căldurii și al vântului. Carcasa și șinele laterale sunt din aluminiu.

Materialul reduce expunerea directă la soare și ajută la protejarea mobilierului, pentru un spațiu exterior mai confortabil.

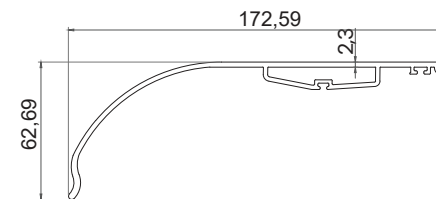

Automatizare și iluminat
Integrare opțională, în funcție de configurația aleasă.

DIMENSIUNI MAXIME
6000 mm × 4000 mm

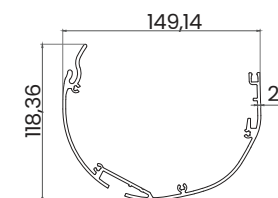

4100 Capac carcasă motor

Greutate: 1,740 kg/m

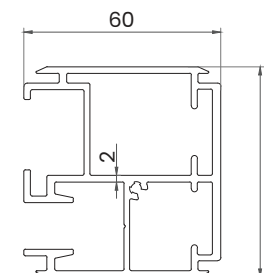

4099 Carcasă motor

Greutate: 2,664 kg/m

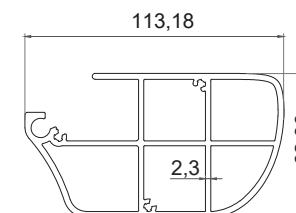

4102 Profil șină

Greutate: 2,073 kg/m

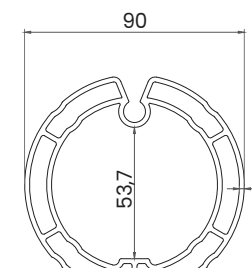

4101 Profil de tragere

Greutate: 3,325 kg/m

4167 Profil tub motor

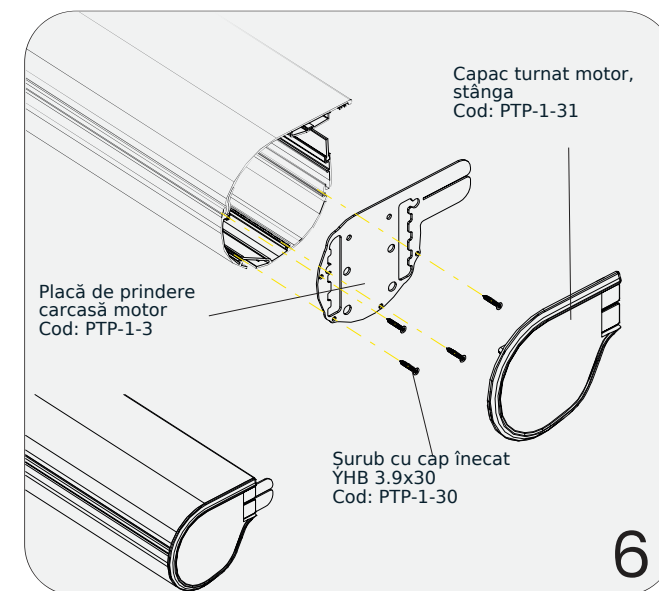

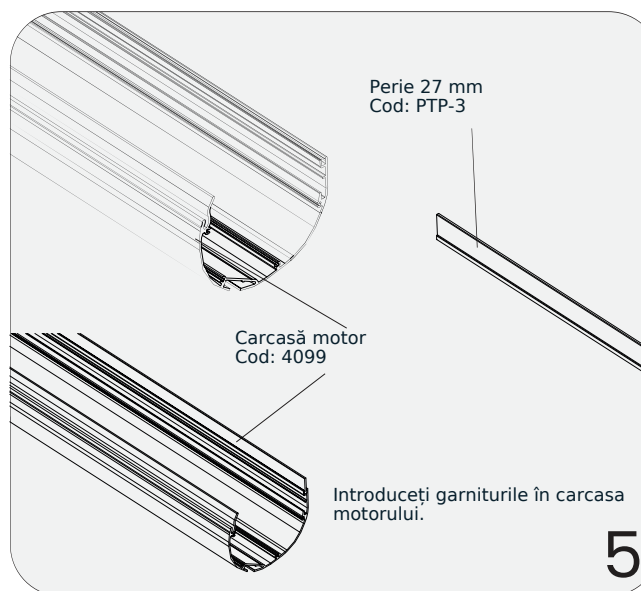

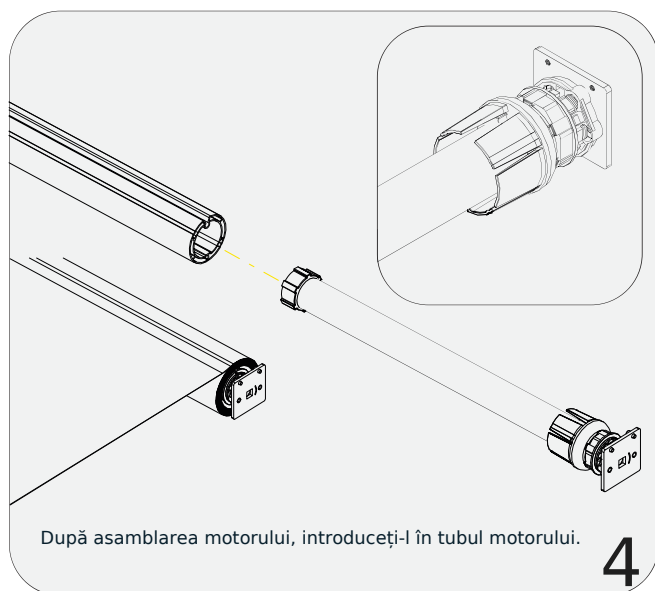

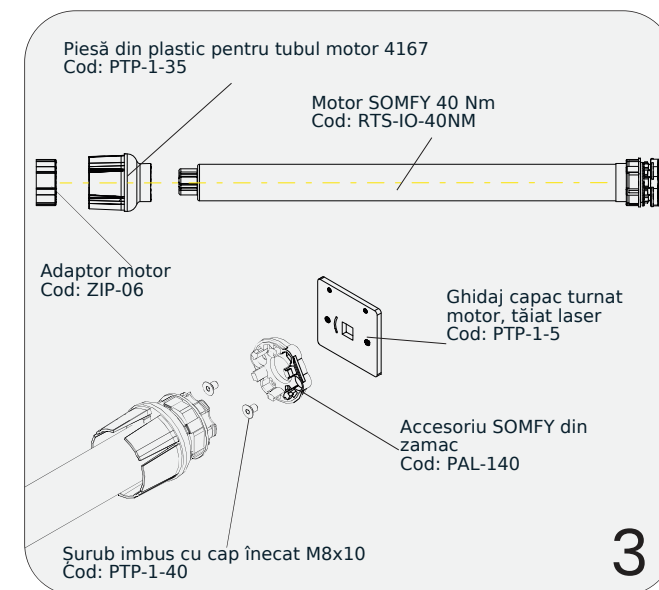

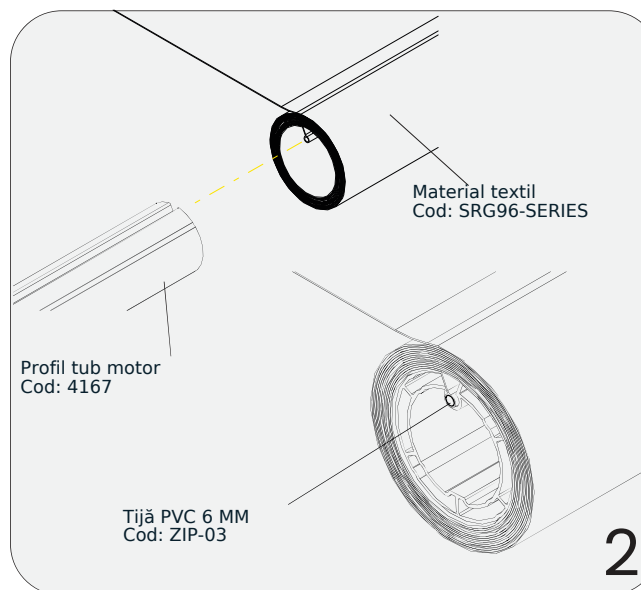

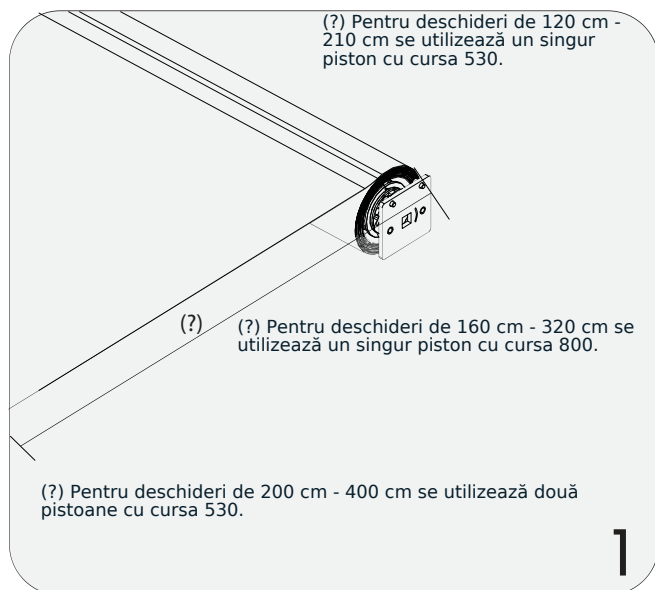

Greutate: 3,051 kg/m

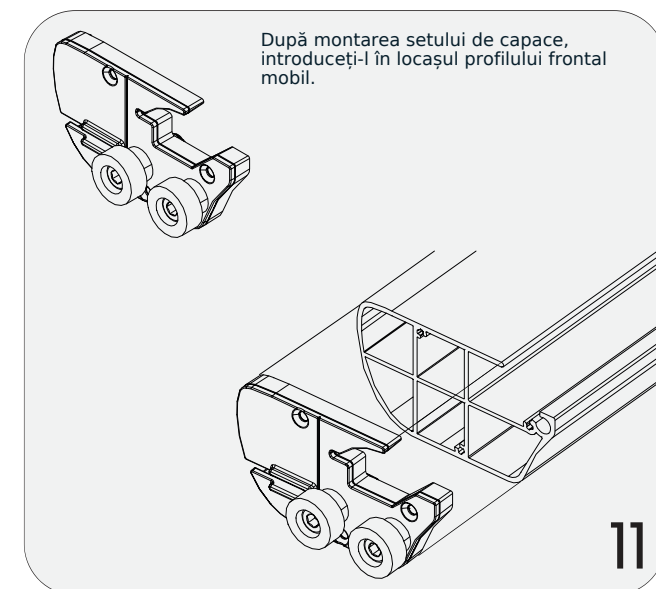

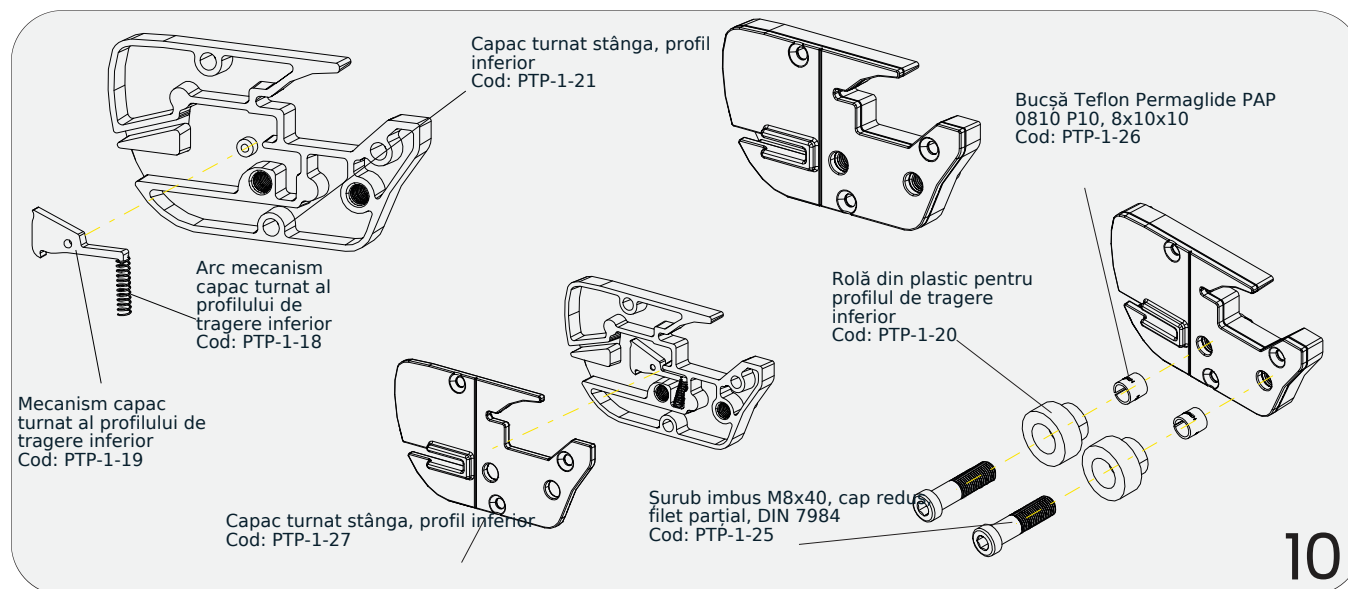

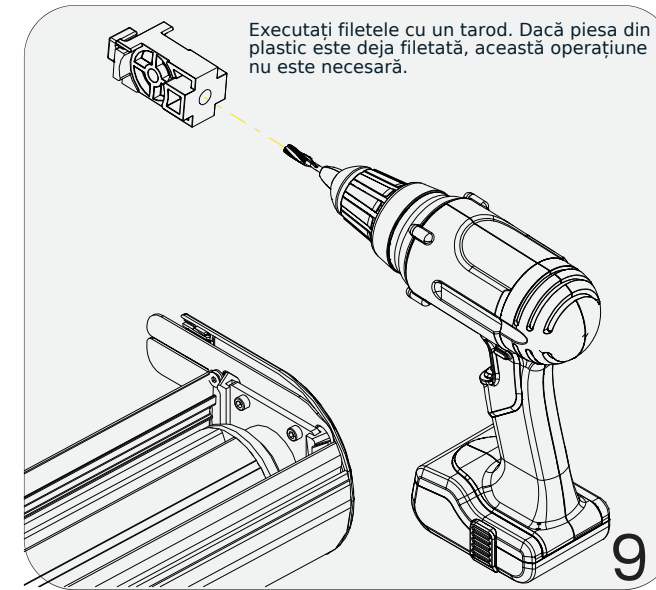

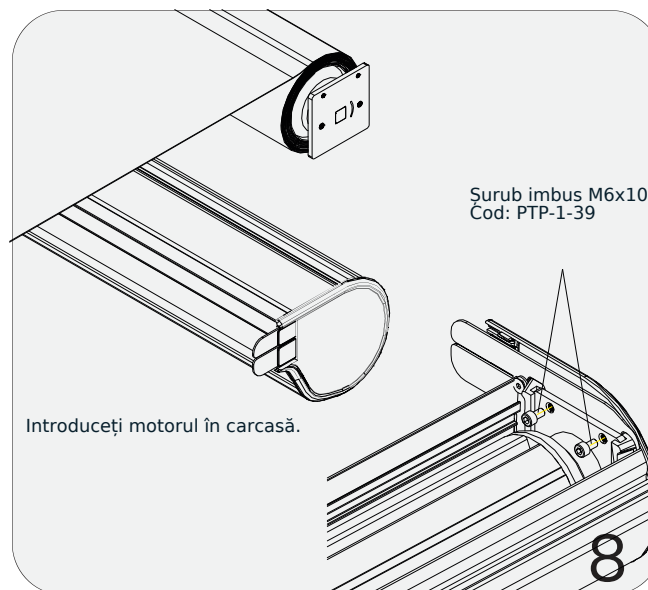

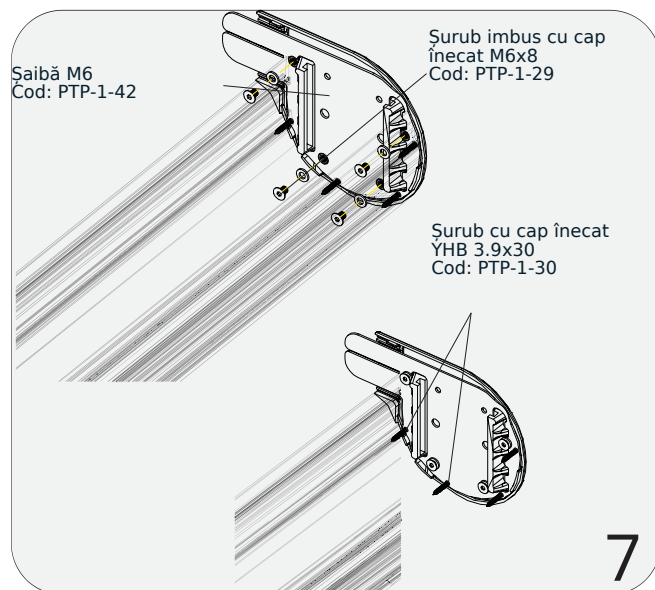

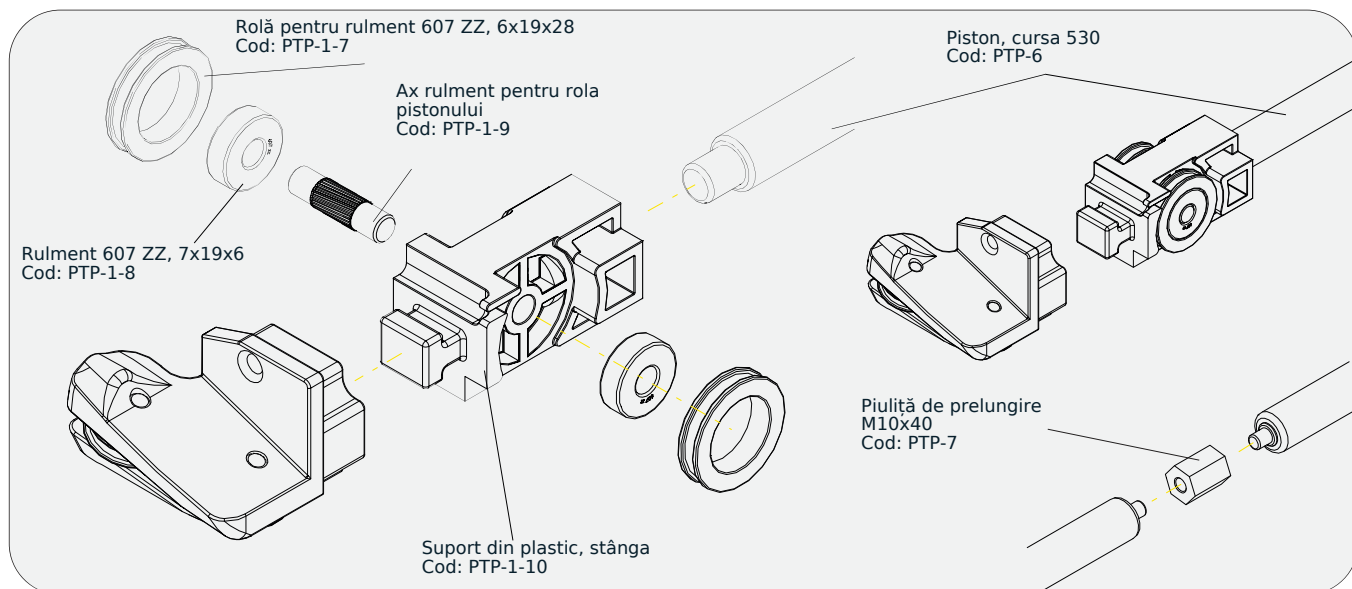

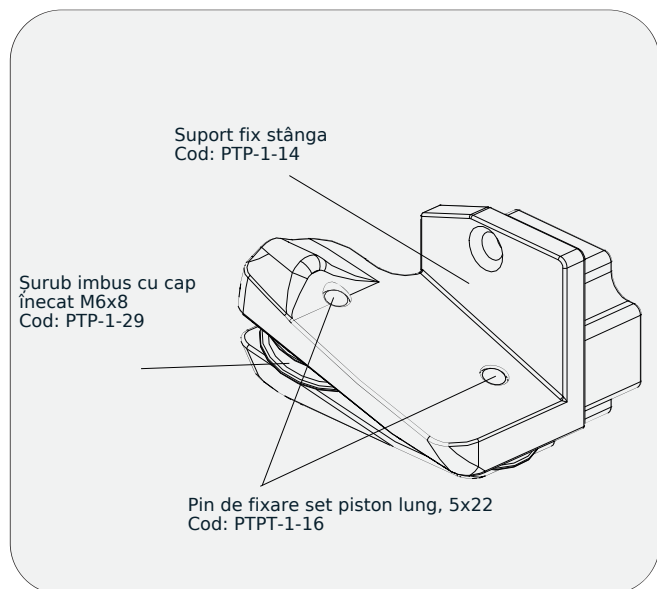

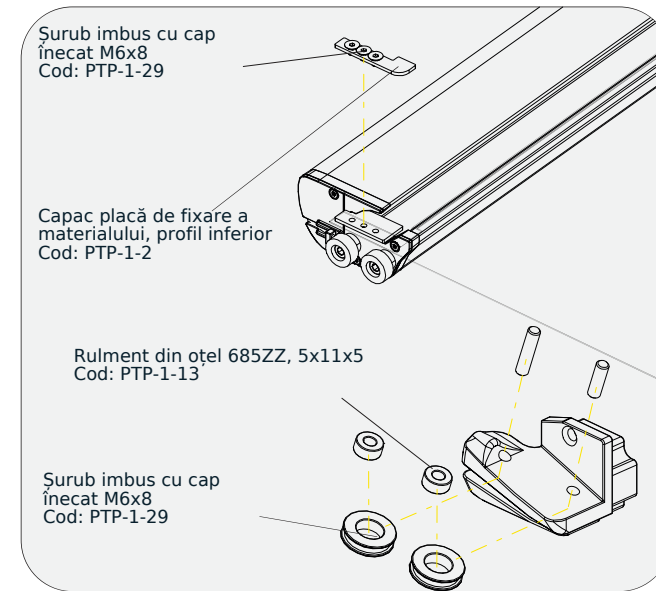

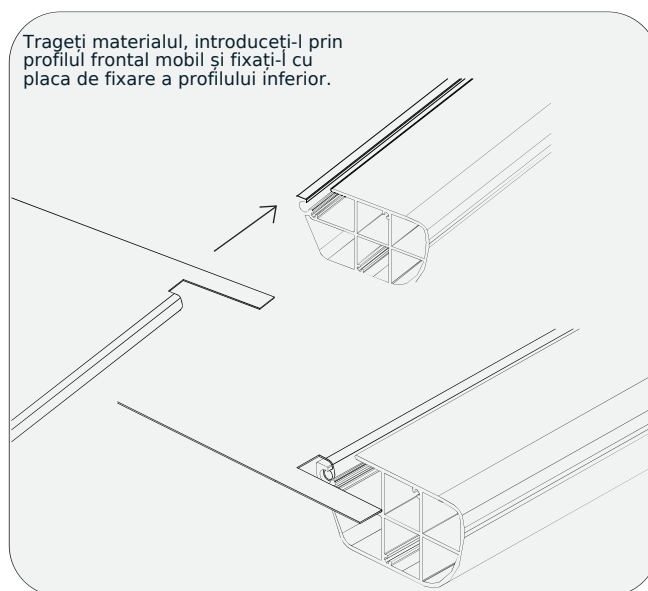

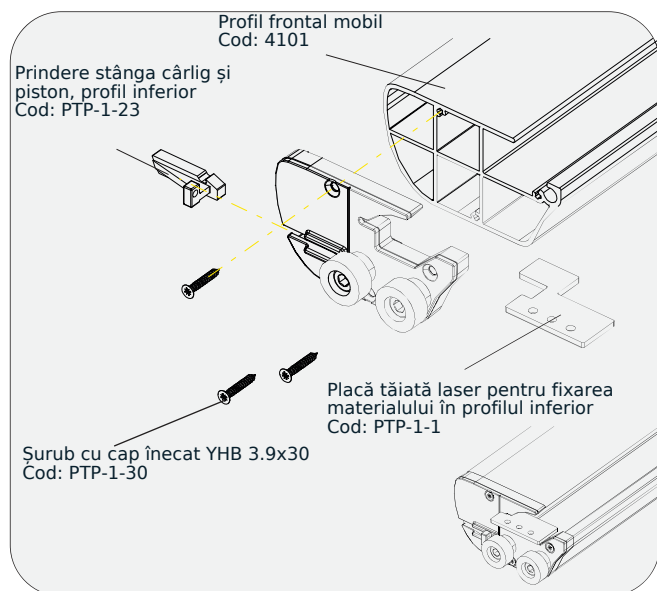

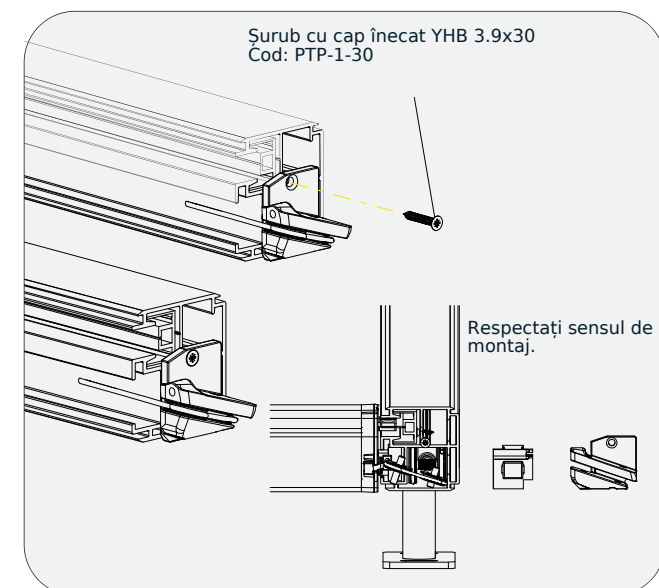

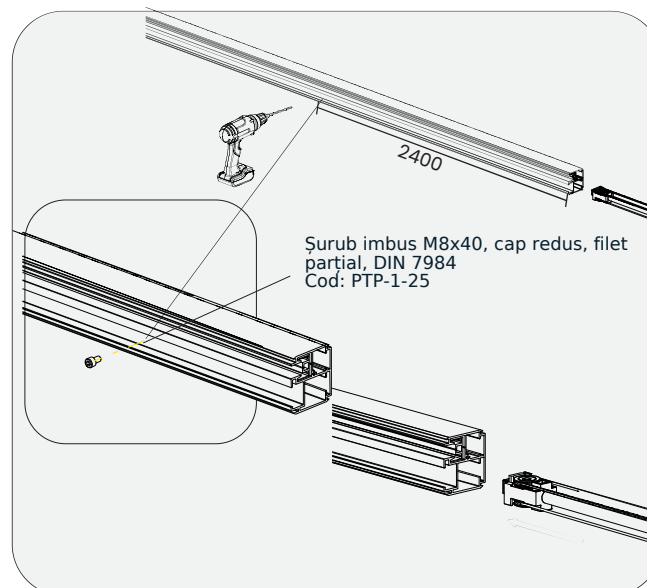

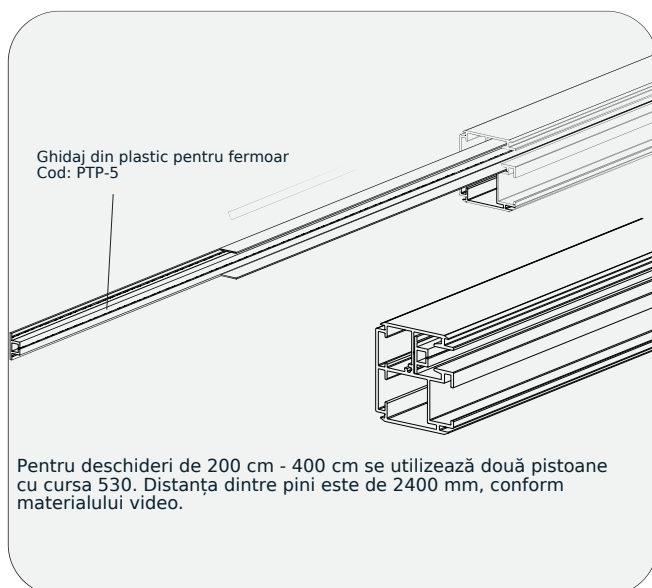

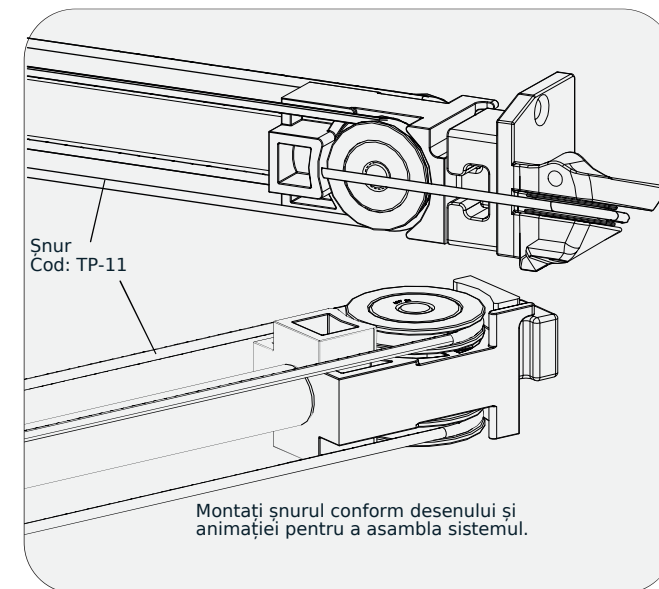

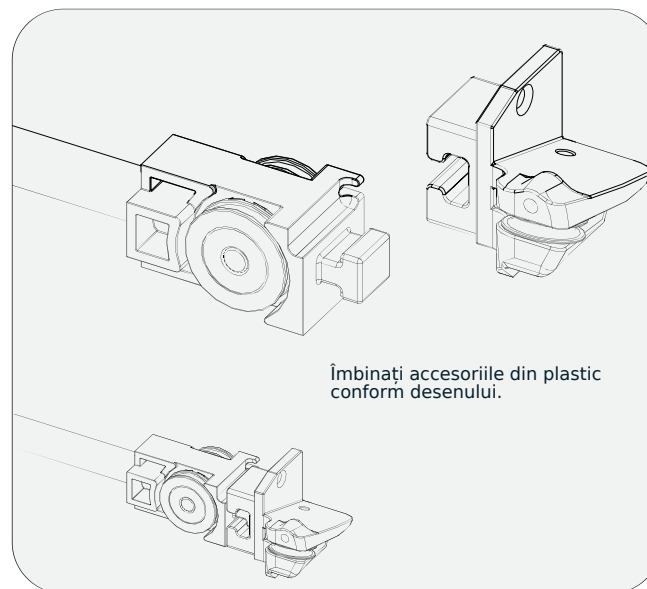

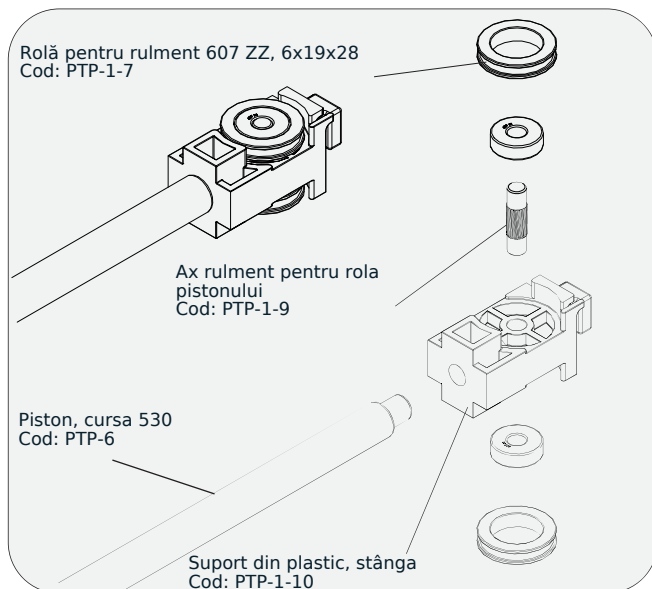

COD	DESCRIERE	BUC.
